Serve customers faster with LRS paging systems

LRS customer and staff management systems have been helping increase sales by improving your service and efficiency since 1993.

Customer Paging

Let customers know the moment their car is ready with these silent pagers. They keep customer flow moving so you can serve more people in less time and more efficiently.

- All guest pagers can flash, beep, vibrate, or glow
- Most durable and highest quality pagers on the market
- Anti-theft & Auto-locate feature minimizes pager loss
- Adjustable Power Level lets you to control pager range
- Nickel Metal Hydride Batteries last years longer with no "memory" problems
- Unique system ID ensures you won't have interference from neighboring facilities
- Free 24/7 live technical support line
- Lifetime warranties available

Staff Paging

Never miss an important message again. Your staff can use NetPage PC Staff Paging to send pages right from their computer. Plug our T7450 Trinity transmitter into an analog phone line and you can also send pages from any telephone in your building.

- Eliminates overhead paging
- Messages delivered instantly to LRS alphanumeric pagers
- Send detailed or pre-canned text messages
- Page individuals or entire groups
- Simple to use

Motorola Two-Way Radios

Get reliable two-way communication with Motorola's line of hand-held radios, headsets and accessories. Designed with business productivity in mind, they are perfect for today's larger, fast-paced businesses.

Allegiant's Electronic Comment Card

If knowledge is power, then this is the most powerful tool you can use. This easy-to-use electronic device provides more instant customer feedback than any other survey service.

- The only solution that offers a true measurement of guest satisfaction.
- Get customer opinions while they are still in the store
- Faster customer feedback than other survey programs
- Our professional design staff will customize a survey to meet your needs
- Daily reports show performance levels of individual staff members
- Multiple-store reports can be broken down by area or region
- Collects customer e-mails you can use to promote your store
- Confidential survey results that only management sees
- Transfers data directly through an analog phone line or high speed internet connection
