

What do guests love more than relaxing with a drink after skiing?

Not having to get it themselves.

Introducing the
SKI BUTLER™

Ski Butler™ lets your guests call for service from anywhere.

Sitting outside on the patio or terrace after a long day on the slopes, your guests should never have to get up to order food or drinks. With the Ski Butler paging system, they won't have to. They just push a button and a waiter is instantly paged to come take their order. It's that simple.

Your guests are happier because they get served faster. And faster service means you sell more food and drinks.

- Perfect for any hotel or resort with outdoor drink and food service
- Helps you increase food sales and customer satisfaction by giving guests the convenience of "on-demand" service
- 100% waterproof, tamper-resistant design
- Maintains a high-level of staff performance
- Attaches to any table, umbrella or lounge chair

Call us today at **01782 537000** to learn more about the Ski Butler and how it can help you.

What are you waiting for?™

Ski Butler can be mounted with rubber bands (above), Velcro strips or optional umbrella clip (see front page).

Why You Need Ski Butler:

- **Greater Customer Satisfaction** — Gives your ski resort and hotel guests “on-demand” service which promotes faster service and greater guest satisfaction.
- **Sell More in Less Time** — Since guests receive faster service, more people can be served in less time, which means you sell more food and drinks.
- **Promotes Your Business** — Labels promoting your resort or hotel can be applied on the top and bottom of the transmitter to help you earn even more revenue.
- **Superior Staff Performance** — Whether serving guests or assisting each other, instant communication helps dramatically improve staff efficiency.
- **Reduced Labor Costs** — Since staff members know instantly when your guests need service, fewer employees are needed per shift.
- **Works Anywhere Inside or Outside** — The sealed, heavy-duty Lexan® casing is 100% waterproof and tamper proof so you can use it virtually anywhere inside or outside.
- **Multiple Mounting Options** — It can be mounted in different ways: Rubber bands (included), Velcro Straps (included) and the optional Umbrella Clip (mounts on 1" to 1.5" diameter poles).
